INTEGRATED HEAVY INDUSTRIES SERVICES

About

APIC

APIC established as a Shareholding Co. under the Egyptian Investment Law. APIC provides a wide range of industrial services as manufacturing, installation, and maintenance work.

VISION

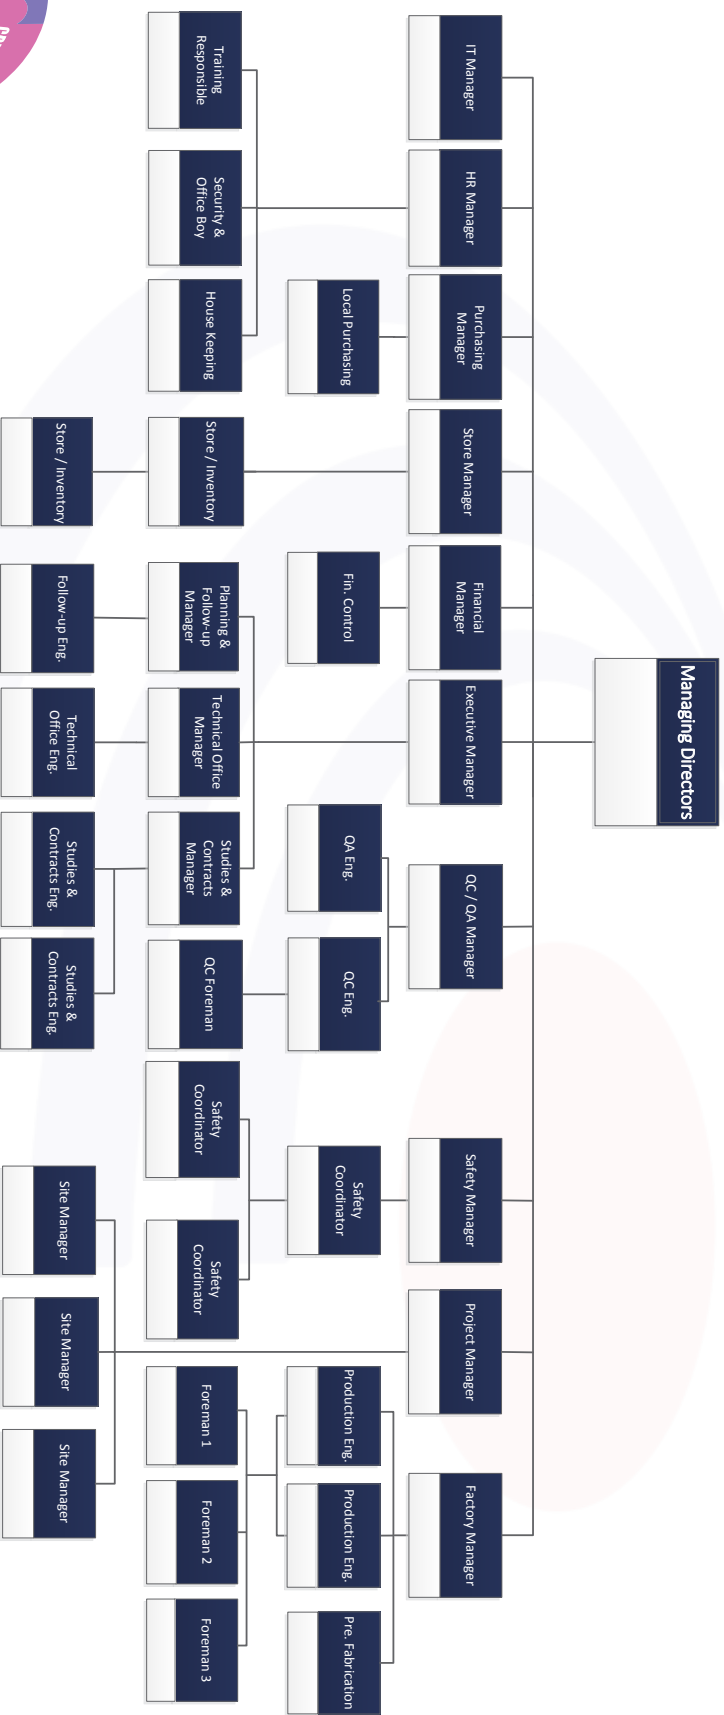

Being a core value in the heavy industries field in Egypt, MENA region, and Africa, and always putting customer need and customer satisfaction our main motive.

MISSION

Maintaining highest level of services and products to our clients, providing reliability and paying attention all the details, and complying with our customers' special requests are our foremost goal. Words "failure" and "can't" are not in our dictionary. We have deep-rooted experience, and the will that makes us able to face any possible condition. We are also constantly working on surpassing our goals with hard work and honesty.

Organization Chart

Products & Services

Services:

- Project management
- Construction and installation work
- Maintenance and shutdowns for cement and steel plants
- Detailed Engineering

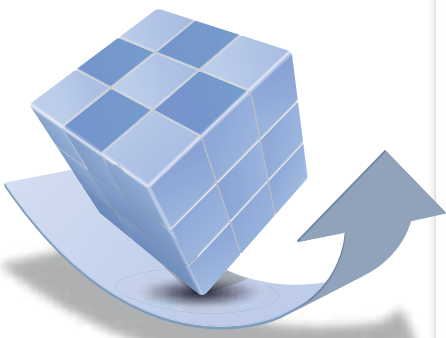

Products:

- Fabrication steel structure work from light to heavy steel
- Fabrication of cyclones, ducts, hoppers, chutes, and silos
- Fabrication of bucket elevators, belt conveyors, screw conveyors, and air slides
- Fabrication of process equipment for cement diagram, bag filters, electrostatic precipitation, fan casing, ...etc.
- Fabrication of process equipment for steel mill as furnace shell, water cooling ducts, stacks, ...etc.
- Fabrication of tanks, pipes, and expansion joints
- Fabrication of spare parts
- Machining work

Business Fields Examples:

- Cement Plants
- Iron & Steel Plants
- Refineries
- Power Stations
- Fertilizing Plants
- Chemical Plants

Certifications

APIC is a member of “Alex Group” which founded in 1990. Alex Group is specialized in different industrial fields as, Material Supplying, Fabrication of Steel Structure, Fabrication of Plate Metal Work, Material Forming, Machining Process, and Civil Work.

Alex Group plans total area is 65,000 m², with 25,000 m² covered area, and the production capacity of Alex Group is about 45000 ton/year.

ESACO

ESACO is the newest member in Alex Group, which the acquisition was done by in January 2019. ESACO is specialized in the manufacture of large-scale facilities like the petroleum and petrochemical industries.

The company workshops are characterized by large areas, high operational capacities, and huge machinery.

Alex Steel

ALEX STEEL founded in 1990, spotlighting a wide range of Steel Industries and broadly covering Egyptian Markets. The Company took great pride since originated in being the Leader of Steel Fabricators within Steel Industrial Sectors and has possessed a worldwide success meant to reach enterprises' largest scale of Industry.

Alex Form

Alex Form is the leading manufacturer of cold rolled steel profiles like

- Cold formed C/Z profiles
- Galvanized and pre-painted corrugated sheets, and metal decking
- Portable housings, site offices, and grain silos

Alex Panel

Specialized in sandwich panel manufacturing with the latest machinery in the field. Range up to 200 mm fabricated with the newest machinery in the field.

Khalil Abdel-Naem Succ. (El Kholafaa)

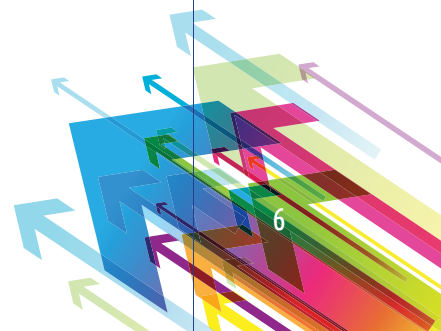

Company was established in 1959 covering local market needs with all types and sizes of steel sectors (beams, sheets, angels, bars, tubes, steel coils).

Main Clients:

Clients

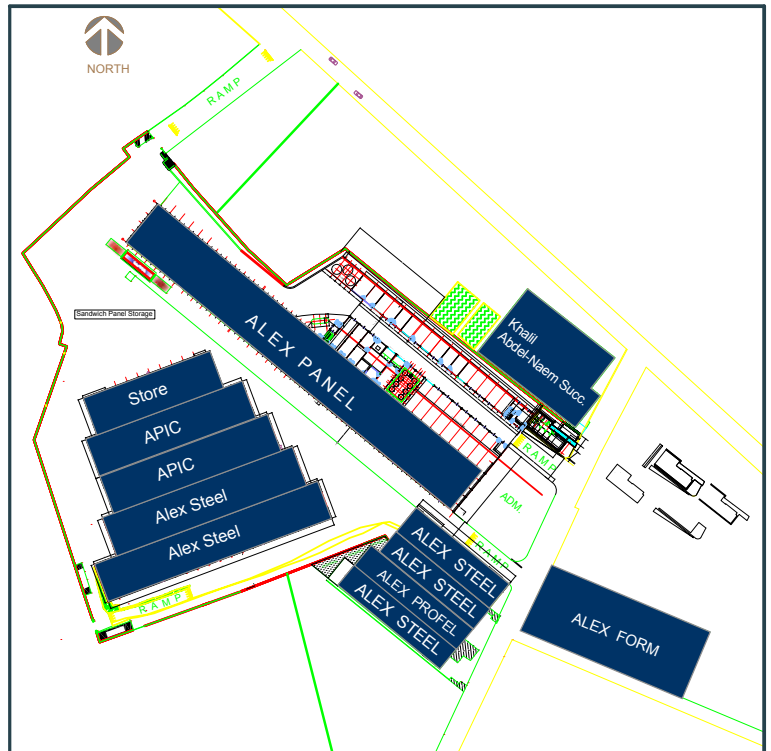

We are proud to serve you..

Factories

We have integrated the requirements of the different manufacturing processes. Our Machines includes presses, drills, welding machines, built-up welding line, bending machines, press breaks, shear machines, ..etc.; or our workshops have the remarkable verity from basic manual hand tool up to the automated CNC machine.

CNC Cutting & Drilling Line

Shot Blasting & Painting Line

Automatic Built Up Section

Disk Saw

Shear Machine

Cut to length M/C up to 16m

Shear M/C up to 20mm / 6m

Shear M/C up to 20mm / 6m

Shear M/C up to 8mm / 3m

Press Break Machines

20mm / 6m

8mm / 3m

Bending Machines

3mm / 6m

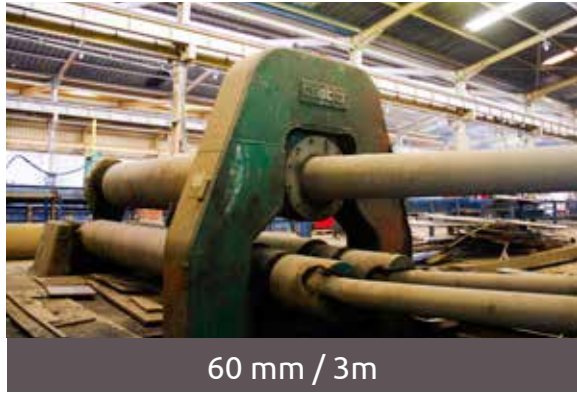

3mm / 8m

Factories

Rolling Machine

12mm / 3m

60 mm / 3m

Punch & Drilling Machines

Punch M/C

CNC Punch M/C

Radial Drill

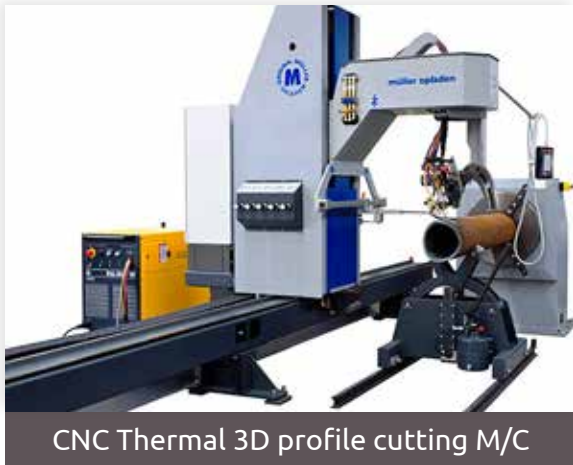

Bench Drill

CNC Plasma Cutting & SAW

CNC Cutting M/C

CNC Thermal 3D profile cutting M/C

SAW Panels

Machining

Factories

NC Milling Machine

Center Lath

Shaper

Material Analysis Device

CNC Milling

Vertical Milling M/C

CNC Lath

Horizontal Milling M/C
